Kathy and Bill –

We have revised the attached Removal Action Report, redline strikeout version, to address your comments. If you approve of the document as revised, please print, sign, scan, and e-mail the attached signature pdf page. Upon receipt of the signed approval page, we will produce a single hard copy for Kathy, Bill, and the administrative file. Please let us know if you require any additional hard copies. For convenience, each hard copy will also contain a compiled pdf of the Final Removal Action Report.

As always, do not hesitate to contact me if you have any questions.

It came through for me and I read it. The report looks really good and complete. The only change I would like to see is the inclusion of the text for the posted signs. There are 2 Appendix Cs. The first one states that the text for the sign is not available yet. That would be a good place to place the text. I tried to read the signs in the field photos but the text is blurry. (The second Appendix C is for access agreements. May need to re-label the appendices.)

Bill and Kathy,

See the attached Bremerton Gas Works - Draft Removal Action Report (compiled pdf and word version) for your review and comment. We will incorporate your comments and finalize this report. When you provide your comments, please let us know how many hard copies of the final report you would like. As always, let us know if you have any questions.

Also, please confirm receipt due to the relatively large file size.

Thank you,

Kalle Kuether Godel
